

# Max the Monkey's Fruit Sharing Activity

Invite children to explore sharing and help Max the Monkey to share different types of fruit between his friends.

## You will need:

- Monkey Posters
- Fruit Cut-Outs

## Activity

Explain that Max the Monkey has some fruit that he would like to share fairly between his friends. Children can explore sharing different numbers of oranges, strawberries, apples and bananas between three little monkeys – Max, Marcia and Marcel.

Encourage children to explore sharing the Fruit Cut-Outs between the Monkey Posters to see how many pieces of fruit each monkey gets. Challenge them to share the fruit fairly and count how many pieces each friend has.

## Max the Monkey's Fruit Sharing

Max wants to share with his friends, Marcia and Marcel.  
Max has some different types of fruit to share fairly between his friends.

Can you share the different types of fruit fairly?

- How many oranges does each monkey get?
- How many strawberries does each monkey get?
- How many apples does each monkey get?
- How many bananas does each monkey get?
