Pirates

The Mystery of the Missing Golden Goblet

It is a glorious, sunny morning and the flags of the pirate ship 'The Mermaid' are gently waving in the calm sea breeze.

She can't find her special golden goblet anywhere and she always has her mid-morning drink in it. It is her lucky charm and she is refusing to drink from any other cup!

They all know there will be a special reward for the person who finds it.

Solve the maths clues to discover which lucky pirate finds the missing golden goblet and receives a ruby and sapphire medallion as their reward. Good luck!

Clue 5: True or False

Check these maths calculations. If a calculation is right, put a tick next to it. If it is wrong, put a cross.

Then, count the number of ticks and crosses.

If there are **more ticks than crosses**, the pirate who found the goblet is **female**.

If there are **more crosses than ticks**, the pirate who found the goblet is **male**.

Alien's Fact File: The Amazing Amazon River

Amazon River

Flowing from the Andes Mountains, the Amazon river is the second longest river in the world, measuring 6,347km in length. The river runs through Ecuador, Venezuela, Brazil, Colombia, Guyana, Peru and Bolivia in South America.

Amazingly, there are 3,000 species of fish that live in the river with new species being discovered all the time. The Amazon river is also home to the piranha, which is a meat-eating fish!

Did You Know...?

Crossing the Amazon must be done by boat because there are no bridges.

During the wet season, the Amazon river grows and can reach over 190 kilometres in width. However, there are no bridges that cross the river. The largest city along the Amazon is Manaus in Brazil. The city is home to around 1.7 million people.

The Mystery of the Spacesuit Snatcher

The children of Class 2 have been taken on an amazing school trip to the International Space Station! It has been a truly incredible trip...

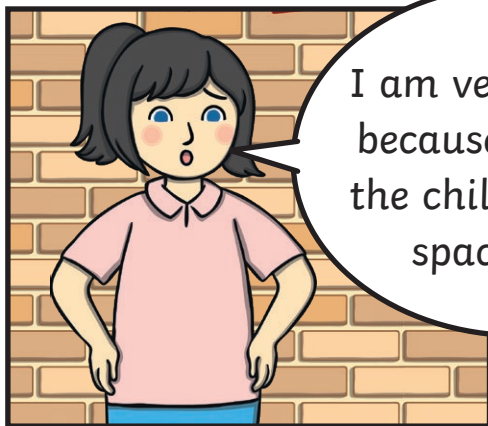

But, just as Class 2 were eating their lunch,

an astronaut ran in to say that

One of the Space Station's spacesuits had gone missing!
One of the children in Class 2 must have taken it on
the tour and hidden it somewhere!

Miss Jones and the astronauts have put **you** in charge of finding out who took the spacesuit. You have taken down the names and descriptions of all the children on the school trip.

I am very worried
because, if one of
the children has a
spacesuit,...

...then they could
even board a space
shuttle and head off
into outer space!

To crack the case, you will need to solve each clue and check the information with the list of names. There are only two hours left until Class 2 are due to leave. Will you be able to follow the clues and find the missing spacesuit and catch the spacesuit snatcher in time? Good luck!

Astronauts: The Mystery of the Spacesuit Snatcher

Clue 1: A Capital Crime

In the empty spacesuit case, a note has been found. It has been written by the spacesuit snatcher but their punctuation is not very good. Lots of capital letters are missing from their writing.

Circle the letters which need to become capitals and write the words correctly below. The letter which is most commonly incorrect is the first letter of the spacesuit snatcher's surname.

by now you have discovered what I have done!
the spacesuit was so shiny and looked so
exciting i just couldn't resist taking it when
miss jones wasn't looking but it is hidden so
well, you will never find it!

by the time you work out who I am, it will be
too late! i plan to visit mars and venus and be
back at school by next friday. bye bye class 2.

The Spacesuit Snatcher

Incorrect Words

The letter which was most commonly incorrect was

so the spacesuit snatcher's surname begins with .

Astronauts: The Mystery of the Spacesuit Snatcher

Clue 2: Following the Sandwich Crumbs

A trail of sandwich crumbs have been discovered, leading from Class 2's lunch boxes to the case where the spacesuit was kept. But what kind of sandwich crumbs are they?

Decide on the correct suffix the word should end in each time to stay on the right path and find the culprit's sandwich filling.

The spacesuit snatcher has a...

_____ sandwich for their packed lunch.

Astronauts: The Mystery of the Spacesuit Snatcher

Clue 3: Alien Word Classes

Some aliens living outside the space station want to help you solve the crime! They spotted the spacesuit being stolen and they are trying to communicate to you through the space station windows.

Look at the words the aliens are holding up and fill in the table below to sort them by word class. The number of **adverbs** is the same as the thief's shoe size.

nouns

verbs

adjectives

adverbs

The number of adverbs is so...

the spacesuit was stolen by someone with size _____ feet.
