

Curriculum Week 1

Monday RE

<https://www.natre.org.uk/uploads/Free%20Resources/Pupil%20resources%20amended/F2%207->

[11%20RE%20Today%20and%20NATRE%20home%20learning%20Good%20Samaritan.pdf](https://www.natre.org.uk/uploads/Free%20Resources/Pupil%20resources%20amended/F2%207-11%20RE%20Today%20and%20NATRE%20home%20learning%20Good%20Samaritan.pdf) This activity looks at the parable 'The Good Samaritan.' You may be familiar with this story from previous assemblies. Read through the story just to refresh your memory and then complete the activities that go with it.

Monday Science

Read through the Solid, Liquid or Gas PowerPoint. Create a particles properties poster. You can use plain paper, your yellow book or use a computer program. It should have on the state (solid, liquid or gas), an explanation of each state and a diagram. Look at the PowerPoint to help you.

Tuesday PSHE

Watch the short story <https://www.youtube.com/watch?v=8WiOUWLeT9I>

What is the moral of the story? A moral is the lesson of the story e.g. forgiveness, fair play.

Think of a time when you were kind to someone. How did this make you feel? Has there been a time you have shown kindness to somebody? How do you think that made them feel?

Kindness at home - choose 5 or more kind gestures you can do for someone.

Tuesday - Geography

<https://www.bbc.co.uk/bitesize/articles/z76yhcw> watch the video and complete the activity that goes with it.

Wednesday - PE

Click the link

https://www.youtube.com/watch?v=4wzoy_J3I_c&list=PLyCLOpd4VxBsXs1WmPceKtsQyFbXTf9FO&index=3 and complete a PE with Joe session.

Wednesday - History

Click on the link <https://www.bbc.co.uk/teach/class-clips-video/story-of-britain-middle-stone-age-animation/zvkg92p> watch the clip about 'The Middle Stone Age.' As you watch it, make a list of the food people ate and the tools and weapons mentioned. Write up a report using this 'starter': "I think life in Mesolithic Britain was... because..." You can use any previous knowledge you may have from learning about the topic. Would you have liked to be alive then?

Thursday - Art

In Science we have looked at plants so we're going to look at the artist Georgia O'Keeffe. She likes to paint close ups of flowers. Choose one of the images from the photo pack to draw a close-up of. If you have no plain paper, you can always draw it in your yellow Homework Book. Don't draw it too small, make sure it is large enough to see the detail. Can you use shading to help add more detail?

Thursday French

Read through the PowerPoint that introduces body parts in French and then complete the activity where you must label the parts using the words given to you. You could also print out the 'My body' word search to complete too.

Friday PE

Complete activities 2 and 3 on the Outdoor Adventurous activities sheet.

Friday - Computing

In class we have look at rivers. Choose one of these rivers and carry out some research - River Nile, River Thames, Amazon River, Yangtze River, River Ganges. Use the questions below to help you with your research.

What is it called and why?

Where does it start?

Where does it end?

Which counties does it travel through?

What types of landscapes (e.g. hills, cities, farmland) does it go through?

Is there any special wildlife that lives in or near the river?

What do people use the river for?

Is there anything else interesting you can find out about the river?

Present your information as a PowerPoint or a poster. This task will carry over into next week's computing lesson.
